

HUTONG SCHOOL INTENSIVE CHINESE PROGRAM 2017 / 2018

WELCOME TO HUTONG SCHOOL

INTENSIVE CHINESE PROGRAM

INTRODUCTION

Our Intensive Chinese Program is the ideal opportunity for students who are seeking to immerse themselves into Chinese culture and learn Mandarin in China.

We teach Chinese in small groups (with an average of 4-5 students), allowing our teachers to focus on each student individually. With our innovative teaching method - that separates spoken Chinese from character recognition, as well as integrated E-Learning support tools, students will be amazed at how quickly they can learn Chinese.

BACKGROUND

Hutong School was founded in March 2005 and has educated more than 5000 students from over 50 countries. It is the leading, and only, fully licensed Chinese school under Western management in Beijing and Shanghai.

Hutong School prides itself on its innovative pedagogic approach and high quality teaching. The multilingual and specialized staff are ready to assist your clients in their native language and are committed to creating new opportunities for young and talented students.

Hutong School cooperates with an ever growing group of language study, travel and work agencies all across the globe. We are constantly looking to extend our network of partner agents abroad. Hutong School is the school of choice of many renowned universities, travel agencies and government organizations.

TESTIMONIALS

"Hutong School in Shanghai is well situated in the Former French Concession and I didn't expect the building to be so charming and welcoming. Since I only wanted to learn business vocabulary, the teacher was flexible and adapted to my level really well. Staff are really friendly and helpful; they made my stay in Shanghai even more enjoyable."

- Diana

"Starting from my initial email contact, the customer service was exceptional. I received excellent information and support before, during and after my classes. The instructors are skillfull and experienced both at teaching Chinese and adjusting to student and class needs. I was amazed at my progress after only one month!"

- Enrico

"The staff at Hutong School were incredibly helpful and flexible in organising my study schedule. I took some one-on-one classes as well as the group lessons and thoroughly enjoyed all of them. My teachers were so kind and patient, but at the same time they really challenged me to work as hard as I could."

- Susanna

"Hutong School set me up with a nice flat in the centre of Beijing, taught me loads during class and led interesting cultural activities after class. The greatest thing was the flexibility to determine your own experience while also being provided the opportunity to experience as much as possible at every turn."
