Our partners

We have been offering our courses on the campuses of these universities for many years – in some cases 50 years+.

However, these institutions are not responsible for our courses. Studio Cambridge is solely responsible for the design and management of these programmes which are accredited by the appropriate government-recognised organisations.

Memberships and accreditations

Studio Cambridge is inspected and accredited by, or a member of, the following organisations:

- British Council
- English UK
- Education UK
- Independent Schools Inspectorate (ISI/PFE)
- Home Office Tier 4 Sponsor
- IELTS
- University of Cambridge English Assessment
- International Association of Language Centres

OUR MISSION

Our goal is to provide students with an effective and enjoyable experience of studying English in England.

In so doing we aim to treat them and our partners (overseas representatives, host families, colleagues) with the professionalism, respect and personal attention they deserve.

ENVIRONMENTAL AND SOCIAL RESPONSIBILITY

Studio Cambridge brings people of many different nationalities and languages together in a friendly and nurturing environment. Through our work with national and international charities, we try to ensure that Studio Cambridge is a school of which our students, staff and partners can be proud.

Green Tourism

In 2014, we were the first UK English language school to join the Green Tourism scheme. Green Tourism is a not-for-profit organisation which helps us to focus on sustainability. By joining the scheme, we have committed ourselves to reducing or offsetting any negative impact our business practices may have on the environment

The Woodland Trust

In line with the Green Tourism scheme, Studio Cambridge makes charitable donations to the Woodland Trust and its unique Woodland Carbon scheme. The scheme helps companies reduce their carbon footprint by locking up carbon emissions when planting trees. The Trust creates native woodland in the UK, as well as protecting existing forests and trees throughout the country.

Street Child United

We are an official supporter of Street Child United, the charity behind the Street Child World Cup.

Street Child United provides a global platform for street children to be heard and to receive the protection, support and opportunities to which all children are entitled. It challenges the negative perceptions and treatment of street children, transforming lives across the world.

Our Directors of Studies

We have a team of teaching professionals, led by our Academic Manager and two Directors of Studies.

The most important role of the Director of Studies (DoS) is to help you succeed. You will meet Tim or Melissa on your first day and you will be able to discuss your academic progress with them at any stage of your course.

The DoS is available to advise you about which courses or exams to take, help you with any problems or worries you might have or just listen to you if you feel the need to talk to somebody about your time studying with us.

THE SCHOOLS

Experienced

One of the longest-established English language schools in Britain, we have been part of Cambridge's education scene since 1954. We are well known and respected in Cambridge.

Independent and privately owned

Studio Cambridge is not part of a chain of schools. We are privately owned and managed.

All of our central services – such as Accommodation, Welfare, Activities staff, Academic Manager, Directors of Studies and the school Directors – are based at our main school in Cambridge.

In this way, we all get to meet and to know our students and are able to respond quickly without needing to contact "head office".

Big but friendly

Although we are not a small school, we treat our students as individual people.

We typically have between 180 and 250 students at school each day. This is an ideal size because:

- ✓ We usually have at least 12 classes running at the same time, so can teach at all levels from beginner to advanced
- ✓ You will meet fellow students from countries all over the world (see "Student nationalities" page 6)
- ✓ We can organise a wide variety of social, sports and cultural activities – which are free of charge
- ✓ We can give you our personal attention in all aspects of your stay at Studio Cambridge

The courses

Name	Minimum age	Pages
Intensive English EFL - 20	18 years	11 - 12
Intensive English EFL - 28	16 years *	13 - 16
Examination Course IELTS - 28	16 years	17 - 18
Examination Course CAM 28 / 32	16 years	19

* Student ages

In addition to Intensive courses, we run our Sir George English Camp for ages 14 – 17 years at the Main School during the academic year (August to June) – see page 29. This programme sometimes shares classes with young adult students taking the EFL – 28 course.

Thus, if you are studying on our Intensive English EFL – 28 course and you are aged

- 16 - 17 years, some of your classmates may be aged 14 or 15
- 18 + years, all your classmates will be aged at least 16+ years

The average age of students taking our Intensive English courses is 23 years.

Accessibility for students

Our main school in Cambridge is in 150 year-old buildings, with four floors and no lifts. We unfortunately, therefore, have no facilities for people using wheelchairs. Accessibility to our summer centre at Hills Road Sixth Form College is better, but limited.

Please let us know before you enrol if you have any special needs. We will be able to advise you on the suitability of our schools, courses, activities and accommodation for your particular requirements.

TWO PREMISES IN CAMBRIDGE

1. Our main school, during the academic year

Our main school, including our management offices, is open year-round. It is located in impressive 19th century buildings belonging to Cambridge University.

Classes are held here during the academic year (January to June and August to December).

The main school has:

- ✓ 22 classrooms

- ✓ Free Wi-Fi
- ✓ Director of Studies Office for help and advice with academic work
- ✓ Café for snacks, drinks and hot or cold lunches

London Gatwick	150
London Luton	65

2. Our summer school (July and August)

In the summer, classes are held in the renowned Hills Road Sixth Form College (HRSFC).

HRSFC is one of the most outstanding schools in Britain, sending more students to Oxford and Cambridge universities than any other state college in Britain.

It is just 10 minutes' walk from our main school and has excellent, modern facilities, including:

- ✓ 20 classrooms
- ✓ Computer suites with free Internet access
- ✓ Free Wi-Fi
- ✓ Director of Studies Office for help and advice with academic work
- ✓ Cafeteria for snacks, drinks and hot or cold lunches
- ✓ Student Services Office for activities and excursions

ACCOMMODATION

Homestays - living with local people

Living with a host family in their private home - a homestay - is the best way to experience British culture at first hand.

All our hosts are known to us personally and we visit all of them at least once every year. They provide a friendly environment, a clean and comfortable bedroom, good food, and a quiet place for study.

Homestays are normally located less than 40 minutes from school on foot, by bicycle or using the frequent bus services. Our hosts are typical of British and Cambridge society as a whole: of different ages and occupations and from a variety of ethnic and cultural backgrounds.

If we place another student in your homestay, he or she will not be a native speaker of your language, so your only means of communication will be English.

There are three types of homestay accommodation:

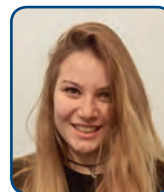

- ✓ Homestay Three Star
Good, clean accommodation.
- ✓ Homestay Four Star
As above, but of a particularly high standard, in a larger home or with additional facilities.
- ✓ Homestay Five Star
Executive-standard, usually in a large house and typically providing a bathroom for your private use. Available exclusively to students aged 18 or more years.

Your bedroom, laundry and meals

- ✓ You will have your own private (single) room
 - ✓ Shared rooms are available for couples
 - ✓ Your clothes will be washed once per week
 - ✓ Your bed linen and towels will be changed once per week
 - ✓ Your homestay hosts will provide you with 19 meals per week:
 - Breakfast and dinner every day; and
 - Lunch on Saturdays and Sundays
- A hot or cold lunch is available every day from Monday to Friday in the school café at additional cost.

ISI (Independent Schools Inspectorate) report 2017

"The quality and management of living accommodation is excellent"
"All host families are arranged by the school and are closely supervised"
"Students are extremely positive about their accommodation"

"I prefer to stay with a homestay. I wanted to know how English families lived, and now I know. We talk about every topic. My homestay family is very friendly. I'm very lucky."

Sena, Turkey

"Homestay accommodation is useful because you can practise speaking English. Food is also included. We talk about culture and other things."

Sami, Libya

Residential Accommodation

If you are aged 18 years or more, you may choose accommodation in a residence. This will give you more privacy and independence than a homestay. However, it does require that:

- ✓ You buy and cook your own meals
- ✓ You wash your own clothes
- ✓ You pay a deposit of £100 on arrival and be responsible for damages.

You will share the residence with other students and you will be expected to be mature and responsible. You must keep your bedroom and other parts of the residence clean and tidy

There are three student residences available. Prices are from £225 per week:

Year-round at "Tripos Court"

Tripos Court is a modern, purpose-built student apartment complex. It has a high standard of facilities and a young, lively international atmosphere. It is just a few minutes' walk from a cinema, bowling, gym, bars and restaurants

- ✓ 10 minutes' walk from Studio Cambridge
- ✓ Single bedrooms with private shower and toilet
- ✓ Well-equipped shared kitchen and dining area
- ✓ Bed linen provided weekly
- ✓ Laundry facilities (at extra cost)
- ✓ Room cleaning weekly
- ✓ Secure entry system and CCTV
- ✓ WiFi at no extra cost
- ✓ Available year-round

Our Residence Advisor lives at Tripos and can answer any questions.

Summer at CB1

These are two large, modern student residences next door to each other. They are just 5 minutes' walk to our main school and Hills Road Sixth Form College and 15 minutes' to the centre of Cambridge.

The residences are in an area called "CB1" which is designed specifically for students, with shops, bars and restaurants, cinema, bowling, gym, bars and restaurants.

- ✓ 5 minutes' walk from Studio Cambridge
- ✓ Single bedrooms with private shower and toilet
- ✓ Well-equipped shared kitchen and dining area (or kitchen within a studio room)
- ✓ Bed linen changed weekly
- ✓ Laundry facilities (at extra cost)
- ✓ Room cleaning weekly
- ✓ Secure entry system and CCTV
- ✓ WiFi at no extra cost
- ✓ Available in July and August only

Our Residence Advisor lives at CB1 and can help you with any questions.

"For me, I really like living in CB1 - my bedroom is bright and open. As well, it is close to school and if I ever need anything the supermarket or leisure park is right outside!"

CAMBRIDGE AND ACTIVITIES

The city of Cambridge

Our city is known throughout the world for its mediaeval university colleges, impressive architecture, the peaceful River Cam, and its green parks and gardens. With its historic buildings and beautiful setting, the city of Cambridge is the ideal place in which to learn English.

But Cambridge is not only about tradition; it is modern, too. With a population of 100,000 residents and 20,000 university students, Cambridge is an exciting place in which to live and study. It is small enough to get around easily on foot or by bicycle, but big enough to have all the shops, restaurants, cinemas, theatres, clubs, museums, galleries and sporting facilities that you may need.

Of course, if you want to visit a really big city, London is just 45 minutes away by train.

Our main school is just 15 minutes' walk from Cambridge's historic centre, and our summer school is 20 minutes' walk away.

Cambridge's unmissable attractions

Cambridge has so many beautiful buildings, green parks, open spaces, museums and attractions, it is difficult to name them all, but here is a sample of things not to be missed.

- ✓ Punting on the River Cam
- ✓ The many stunning Cambridge University colleges such as King's, Trinity, Jesus, St John's College
- ✓ Fitzwilliam Museum
- ✓ The University Botanic Garden
- ✓ Cream tea in Granchester Meadows

From Cambridge to London and Europe

Trains depart Cambridge for London every 15 minutes. Since the journey takes as little as 45 minutes, London is easy to visit for a day's sightseeing, serious shopping or to visit the theatre or attend a concert.

There are also direct trains from Cambridge to London's Stansted Airport which offers cheap flights to 30 countries in Europe and throughout the world.

"The activities offer a break from learning and an opportunity to talk to classmates. I enjoy the city visits to Kings College Chapel and Botanic Garden best."

Antonio, Italy

"It's a good way to get to know each other. My favourites are the cultural visits and movie and popcorn night."

Noemie, Switzerland

ACTIVITIES – FREE OF CHARGE

At least five free activities each week

To take full advantage of living with us here in the UK, you must continue to speak English after your classes are finished for the day, and you should learn as much as you can about our way of life.

To help you do that we offer at least five afternoon activities, and one evening activity, each week, completely free of charge. A sample of these activities is opposite.

Join in – and you will find yourself using your English with friends from around the world and in normal daily situations. You will be using the English you have learned in the classroom.

We have some other clever ways of keeping you talking. For example:

Studio “missions”

We might ask you to interview some Cambridge University students about their life at university, or take some selfies with local people, or make a video while walking – or “punting” – around Cambridge. All of this will get you meeting people, talking and listening.

Conversation Club

Each week we invite you to our free “Conversation Club”. Here you can talk with other Studio Cambridge students from different parts of the world, with different backgrounds and different levels of English. A teacher will be on hand to make introductions and help with questions. All of this will get you talking and, who knows, making life-long friends.

Excursions and UK travel

It is easy to travel independently from Cambridge by train or coach to all destinations in the UK. There is direct transport to London, Birmingham, the seaside, and all of the London airports.

During the weekend, student excursions can be booked to destinations such as London, Stratford-upon-Avon, York, Bath, Canterbury, Windsor Castle, Warwick Castle, Salisbury and Stonehenge.

Longer trips to Scotland and other European countries on the continent also leave regularly from Cambridge.

These are all at extra cost. A full-day excursion to London, for example, costs approximately £22.00. Some excursions are available exclusively to students aged 18 years or more.

Please visit our website for up-to-date information and prices.

Sample activities

-  Indoor Football

The Course

Our EFL 20 course is in general English, with no specialisation. It consists of 20 lessons each week, typically from 09:15 to 12:45 each day, Monday to Friday. It is ideal for students who prefer to have their afternoons free.

The content of the course differs according to the level of each class. However, all courses include the study of grammar, speaking and pronunciation, writing skills, and listening and reading comprehension.

Methodology

We adapt our teaching to the needs and learning styles of our students, following three guiding principles:

The teaching will be balanced with practice - you will learn and practise English, with an emphasis on speaking.

Lessons will be centred around you - you will not spend all your time listening to the teacher but will be busy using English in the classroom.

The language we teach will be recycled - we will not allow you to forget what you have learnt.

Lessons are linked to places and events around Cambridge and the UK

Each lesson is:

- ✓ Clearly focussed
- ✓ Progressive
- ✓ Interactive
- ✓ Communicative
- ✓ Practical
- ✓ Dynamic

The heart of the EFL 28 Intensive Course

Students taking our EFL 28 course (see pages 13-16) take the EFL 20 course during the mornings and then study from a choice of options in the afternoons.

***Ages:** Some of your classmates may, therefore, be 16 or 17 years of age.

Tests – Placement, Progress and End-of-course

On the first day of your course you will take a written and oral test to allow us to assess your knowledge of English and so to place you in a class at the right level for you.

At the end of each week you will take another test to make sure that you have understood the work done during the week and that you are continuing to improve. The test also allows us to confirm whether your current class is still at the right level for you.

Before you leave us, you will be able to take an end of course test, to show your progress over the whole course.

Modern technology

Lessons regularly incorporate modern media, including listening exercises based on Internet sources, video clips and the latest news. All our classrooms have WiFi, data projectors and speakers.

**Ages:
18+**

Interesting teachers

Members of our teaching team have many years' experience of TEFL (Teaching English as a Foreign Language) at Studio Cambridge, and often at other schools, colleges and universities in the UK and overseas.

Between them, they also have academic backgrounds in Philosophy, English Literature, IT, Sciences, Psychology, Law, Business, Politics, Accountancy, History and more.

Tutorials

A tutorial is a private meeting with your teacher, in which you can discuss the progress you have made and what you need to do next to reach your goals.

Your Study Plan

Based on the personal goals identified in your tutorials and your work in class, your teacher will give you a personalised Study Plan. This will guide you to work on those areas of English which you need to focus on to improve your command of the language.

Self-study in the Learning Centre

You can visit our Main School Learning Centre before or after lessons to work on the areas identified in your Study Plan. It has 20 PCs with free internet access and Wi-Fi, and a range of materials including CDs, books and newspapers.

Certificate of Studies and Academic Report

At the end of your course you will receive a certificate showing the course you have studied and the dates of that course.

Your main teacher will also write a personalised Academic Report which shows not just your progress but also the level you have attained in each area of English. This is a very useful document for your future studies or work.

English + 5 specialised afternoon options

The EFL 28 course is the most effective way to improve your English in the shortest possible time.

1. Intensive

The course includes

- ✓ 28 lessons (21 hours of 60 minutes) of teacher-led instruction in the classroom
- ✓ homework and out-of-class assignments
- ✓ optional study in the Learning Centre
- ✓ private meetings with your teacher (tutorials)
- ✓ optional conversation club practice each week

In addition to your formal lessons, you will be taking part in social activities with fellow students from around the world – and speaking English with them – and you will be living in a homestay or residence where the only means of communication will be English. Who knows? Soon you might be dreaming in English!

2. Demanding

The lessons are dynamic: they require you to be involved and to use your fast-developing mastery of the language in the classroom. You will not just sit quietly taking notes.

The English being taught will be at your level, and classes are small: a maximum of 16 students and an average of 13 in each class. Personal attention is assured. Weekly progress tests and regular tutorials will ensure that you are challenged to do your personal best.

3. Specialised

With the assistance of your teacher or the Director of Studies, you can choose the afternoon option / specialisation which is most useful for you and relevant to your needs and interests (see pages 15 and 16).

For example:

Option 2 – Cultural and Linguistic Studies – if you want to learn more about media, British history or work more on your grammar

Option 3 – English for Business – if you will be using English in a working environment

Option 5 – IELTS Preparation – if you are planning to take the IELTS exam or wish to improve your study skills

Tutorials

A tutorial is a private meeting with your teacher, in which you can discuss the progress you have made and what you need to do next to reach your goals.

Progress tests

At the end of each week your teacher will administer a test on the study areas for that week. This test will help you measure your progress. At the end of your course you can take an exit test. This will measure your level of English at the end of your course and, by comparing the results with those of your placement test, your overall progress.

A highly specialised course

The examination offered by the International English Language Testing System (IELTS) leads to an internationally recognised qualification for entry into universities and colleges throughout the English-speaking world.

Our IELTS examination course is ideal preparation for the exam and has proved to be highly successful.

However, as all lessons concentrate exclusively on the examination, **we only recommend this course if you intend to take the IELTS exam.** If your purpose is to improve your general English we suggest EFL-28 (page 13)

Achieving your goals

The minimum IELTS score for entry to a British University is usually 6.0 and this course is designed to help you achieve at least that level. You must already be at the Upper Intermediate Level (IELTS 5.0) to start the course.

However, it is also suitable for students aiming for 7.0 or even higher.

If your level of English is below IELTS 5.0 you may wish to start your studies on the EFL-28 Course with Options 4 or 5. You can then transfer to the IELTS-28 course when you are ready. See page 16 for details, or contact us for advice.

**Ages:
16+**

Special features of the course

Specialised English skills

The course is designed specifically to cover the skills needed in the IELTS examination and during your university studies. See the typical timetable opposite for the relevance of the subject matter to the examination.

The course includes:

Specialised IELTS vocabulary: you will learn and memorise words that typically appear in IELTS exams, in topics such as the environment, technology and geography.

Exam training and practice: As the exam date approaches, you will receive increasingly more examination practice, including speaking tests and evaluation. We will give you detailed feedback on your performance in each area and will identify areas you need to improve.

Teaching knowledge and experience: We have helped thousands of students achieve the examination scores they have needed for entry to university. Our instructors have received specialist training in IELTS and have expertise and years of experience in helping students achieve their maximum possible scores.

External assessment: The Independent Schools Inspectorate (ISI) reported in 2017 that, at Studio Cambridge, “Students make very good progress – demonstrated by very good results in public examinations”

Additional costs

The cost of the IELTS examination (which is optional) is not included in the course fees. It is estimated at £170.

The course uses specialised textbooks and there is an additional cost of approximately £50 per course.

The exam and book fees can be paid at the school.

CAM 28/32

First Certificate of English (FCE) Certificate in Advanced English (CAE)

Studio Cambridge is an Authorised Centre for CELA (University of Cambridge English Language Assessment). These are two different courses which prepare you for:

- 1. **The FCE** (First Certificate of English) Levels 4 5
- 2. **The CAE** (Certificate in Advanced English) Levels 5 6

These qualifications are among the most prestigious and widely recognised in the world. The CAE is accepted for entry to most British universities.

These courses prepare you for the two examinations – and they are timed so that the examination takes place shortly before or after the end of your course.

However, many students take the courses without wishing to sit the examinations. The fee for the exams is, therefore, not included in course fees. It is estimated at £170.

We recommend these courses whether or not you wish to take the examination.

Special features:

- Intensive, specialist and motivating courses
- All language skills – grammar and vocabulary, reading, listening, writing and speaking (including pronunciation)
- Increasingly intense exam practice with detailed analysis and feedback
- Specialist and experienced teachers

The course uses specialist course books and there is an additional cost of approximately £50 per course, to be paid at the school.

For all students:

1. We have experienced and trained welfare staff.

"Pastoral support is excellent and students know who to speak to if they have a problem. Relationships between students and staff are very positive. The student handbook is informative and comprehensive. Induction is excellent and introduces students to key personnel and policies enabling them to settle quickly into school life. The activities programme is extensive and all activities are effectively risk assessed"

For students under 18 years of age

We pay particular attention to the welfare of students aged 16 and 17 years attending our intensive English courses.

1. You have a dedicated Welfare Officer who is concerned specifically with your well-being.
2. Your transfer arrangements, from or to the airport, must be made in communication with us. We will arrange these transfers for you at an additional cost unless we have written assurance from your parents to say that suitable alternative arrangements have been made.
3. You must be home at your homestay in the evening earlier than the older students. Your host family will ensure that this rule is followed.
4. You must be in school to attend your first lesson each morning.
5. Students under 18 may only take our intensive courses. This ensures that they are in class during the afternoons as well as the mornings.

Because of these additional measures for students under 18, the Registration Fee is higher than it is for students aged 18+. Please see our "Dates and Fees" list.

The less intensive course (EFL – 20) is not available to under 18s.

A proven history

Studio Cambridge has been running English language camps for many, many years. Our "newest" camp started nine years ago and our oldest have been running every year for 50 years.

Prestigious host colleges

The camps are run at our own school in Cambridge, at Cambridge University colleges, and at some of the best schools and colleges that England has to offer.

Designed for different ages

Each of our English Camps is intended for a specific age group. The academic, social and sports content, the accommodation, and the level of welfare and supervision, are carefully designed according to their ages.

Teaching to inspire you

We give the same importance to the academic content of our English Camps for Young Learners as we do to our intensive and examination courses for adults. Lessons are structured according to level, and the teaching concentrates on speaking and listening skills. In this way you will build on the English you may already have studied in your home country. You will be given a test on your first day and will be placed in a class at the appropriate level. The maximum class size is 16 students, taught by a team of two teachers.

Academic options and themes

Many of our camps have academic options and activity themes. These include:

- ✓ Global Leaders
- ✓ Creative Social Media
- ✓ Academic Skills and IELTS
- ✓ English and Dance
- ✓ Harry Potter
- ✓ London Discovery

Effective supervision

High staff-to-students ratio, plus welfare officers, medical insurance, and a 24-hour telephone number for emergencies

Welfare and supervision

- ✓ Well known and highly reputable host schools and colleges
- ✓ Pleasant and safe surroundings
- ✓ Accommodation, teaching, activities, rules and supervision appropriate to the specific age group of each camp
- ✓ A high staff-to-students ratio at all camps, but especially at residential centres
- ✓ Studio Cambridge Welfare Officer at each camp
- ✓ Live-in Studio Cambridge staff at each residential centre
- ✓ 24-hour emergency telephone number
- ✓ Medical insurance (with unlimited cover) included in course fees

Report of the Independent Schools Inspectorate (ISI) 2017:

"The quality and management of residential accommodation is excellent."

"Pastoral support is excellent. Students are very well informed about the support available both within the school and in the local area. Arrangements for safeguarding students under 18 years are good. Comprehensive policies are in place and implemented effectively"

THE TOWN

Ely (pronounced to rhyme with "freely") is a beautiful, peaceful city in the heart of the Cambridgeshire countryside: the ideal setting for children. It is 25 kilometres north of Cambridge and 120 kilometres from London.

Its magnificent cathedral, established in 1083, dominates the city and makes this one of the finest and most unspoilt mediaeval cities in Britain. Many of the ancient buildings are part of King's teaching centres and student residences.

The city centre has a traditional English feeling, with shops and a market square. With a population of only 20,000 people Ely feels more like a village than a city - everything is close-by and the atmosphere is friendly.

THE SCHOOL

Founded in the year 970, King's is one of the oldest schools in the world. King Edward the Confessor, who died in 1066, was educated in the magnificent buildings around Ely Cathedral which are still used by the school today.

You will live on-campus in one of the wonderful, old residences (perhaps even in School House – the oldest inhabited residential building in Europe). Your time here will be something to remember for the rest of your life.

We have been running the Sir Edward summer camp at King's Ely every summer since 2008.

THE TOWN

Founded more than 1,500 years ago, in Roman times, Bishop's Stortford is a market town with a traditional English atmosphere. It is small – fewer than 40,000 residents – and enjoys a good standard of living.

Its location halfway between Cambridge and London makes it ideal for sightseeing in the capital and the local area. It is also the nearest town to London's Stansted airport (just 6 kilometres away).

Hockerill Anglo-European College (HAEC) was established as a teacher training school in the 1850s. Today it is one of Britain's most prestigious academies, with Language College and Music College status. THE TOWN

Cambridge is one of the most famous, and most instantly recognised, city names in the world. It has been a centre of learning for 800 years and is the international symbol of academic excellence.

With 20,000 university students, virtually the only "business" of Cambridge is education and, despite its age, the whole city is designed for young people.

It is the ideal place for the international English language student - international in outlook but very English in character, steeped in history but looking to the future, big enough to spend weeks exploring but small enough to be relaxed and friendly. It is a city of more than 100,000 people, but with the atmosphere and warm welcome of a small town.

THE CAMBRIDGE UNIVERSITY COLLEGES

Ridley Hall College, established in 1881, is an independent college affiliated with Cambridge University. Newnham College is one of the 31 University of Cambridge colleges and was founded in 1871.

Both colleges look and feel like the perfect Cambridge campus: the traditional buildings and impressive dining halls are surrounded by green lawns and private gardens.

The campuses are ideally located next to each other in the centre of Cambridge, just 5 minutes' walk to all the main attractions of this wonderful city. There is a traditional student atmosphere both at Ridley Hall and at Newnham College, which makes the Sir Christopher programme the perfect choice for older teenagers aged 16 - 19 years.

The Sir Christopher programme has an international reputation and is one of our most popular programmes.
