LIDIA, POLAND

Your programme

Students learn faster and more successfully when they use English all the time and in a range of situations.

That is why we offer fully-integrated courses with lessons, afternoon and evening activities, and exciting day trips and excursions.

Lessons

Supporting young learners to achieve their potential is at the heart of everything we do, whether students are improving their language capabilities, developing their academic skills or learning about business.

Using the six principles of the Bell Way, each lesson is expertly designed to inspire students to reach their full potential.

Project-based learning

Learning through projects is particularly motivating for Young Learners and helps them remember the language that they learn. Working in groups, students use English to produce something tangible like a short film, a story, a magazine or a business presentation.

Project work guarantees students study something new every time. All Explorer projects have a common theme to give context to the students' learning, such as 'Global Lives', 'Nation of Innovation' and 'Natural Wonders'.

Activities

To really master the English language, learning needs to take place inside and outside the classroom. Learning everywhere is one of our core teaching principles.

At Bell, the educational activities, electives and Academies are planned just as much as the lessons, with learning outcomes to support what your child has studied in class. Students practise their English while focused on an activity, which leads to a natural and fluent use of the language.

Study tours

All our young learner courses have study tours included within the course, so your child can explore the UK and experience British culture.

Students learn about British life and history through exploring places of interest such as Oxford, Cambridge or Warwick Castle. Every course includes a full day trip to London, where students enjoy a walking tour, and a trip to a top London museum, in addition to the chance to visit iconic London landmarks.

What is your learning goal?

Every student is a unique individual to us: it is one of the core Bell Way principles. We can help you find the perfect course for your unique young learner.

Winter Explorer

Course description

Our Winter Explorer course gives students the opportunity to discover British culture while developing their English language skills, both inside and outside the classroom.

The courses focuses on developing core English language skills through project-based learning activities and interactive learning – an effective way to learn language quickly and successfully.

On this course, your child will:

- ▶ Develop their English in all four areas: reading, writing, listening and speaking
- ▶ Practise new vocabulary, pronunciation and improve their grammar structures, as appropriate to their level
- ▶ Become confident, independent learners with essential 21st century life skills like: communication, critical thinking, collaboration, creativity and cultural awareness
- ▶ Experience and learn about British history, life and culture while enjoying study tours – exclusively for Winter Explorer students
- ▶ Make friends with students from a diverse mix of countries across the globe

Our approach

English lessons

English lessons include projects that are designed around the school's weekly theme. Small groups of students work together on their projects based on the language knowledge and skills development needs.

Activity programme

Students at Bell 'learn by doing', so the activity programme is an integral part of the course and allows young learners to practise and develop what they have learnt in lessons.

Our afternoon activities – electives and Academy options – are designed to improve communication and confidence while developing academic, creative and active skills.

All Winter Explorer students will also enjoy a wide variety of whole-school activities, such as games, competitions, discos and shows.

Academies

- ▶ Business & Leadership Academy

More information available on page 16.

Study Tours

Students take part in eight full-day study tours to some of the UK's most famous and popular destinations.

- ▶ **Edinburgh (22 - 24 January)** – experience Scottish culture at this famous historic capital, including a tour of Edinburgh castle, ghost walks and Scottish dancing
- ▶ **London and Windsor** – see the London Eye, Covent Garden, the Houses of Parliament and the historic Windsor Castle
- ▶ **Cambridge** – tour the city and university colleges, try punting on the river or visit one of the many world-class museums

Young Cambridge Scholars

Course description

Take the next step towards your child's academic success. This course gives students advanced university-level learning through a combination of subject study, an inspiring lecture programme and educational study tours and activities.

On this course, your child will:

- ▶ Improve their confidence, fluency and range of vocabulary when communicating English in an academic context
- ▶ Develop their subject-level knowledge and academic skills, such as writing an essay, note taking and paraphrasing
- ▶ Learn to effectively communicate and present their opinions in discussion with new people or when facing new situations
- ▶ Enhance their ability to work with others effectively, as a leader or team member, and to continue studies independently
- ▶ Develop useful techniques and strategies when learning and preparing for exams
- ▶ Be more informed about future university study options

Our Approach

Subject study: 32 Hours

Get a real insight into university level study in some of the most popular topics at the University of Cambridge, including **Mathematics, British Literature, Science and International Relations.**

Academic skills: 10 hours

Develop essential academic skills, including critical thinking and effective independent study.

They will learn essential techniques for exams - particularly the IELTS exam - an internationally-recognised language level test and entry requirement for British universities.

Lecture programme: 12 hours

Delivered by speakers from the University of Cambridge, students will have lectures and develop their knowledge in classic Cambridge subjects from physics to philosophy. One of the lectures will focus on the critical qualities needed to become a University of Cambridge student.

Activities

Students will participate in a variety of whole-school activities, like sports, creative arts, games and competitions, to make friends and practise language skills.

Study Tours

Students take part in three full-day study tours to destinations, such as:

- ▶ **Cambridge** – a walking tour of the city with a visit to King's College and the Fitzwilliam Museum
- ▶ **London** – a river cruise along the River Thames and a chance to visit a top London museum
