Great Universities
Worldwide.**

Pre-college enrichment and summer internships for high school and middle school students.

Summer Discovery is an academic enrichment program offering students a meaningful summer experience with lifelong value. Our summer programs combine superior academics taught by university faculty with social activities, travel, recreation and sports.

Our students will have a summer of a lifetime, where they can experience college life and make new friends from all over the world. Choose from over 300 interactive courses at 11 different university locations, in the United States and abroad.

With 11 university partners and great metropolitan locations, Summer Discovery offers more than 300 interactive courses and 20 intensive Academies. Here are a few academic highlights (see summerdiscovery.com for a complete listing):
