At WSC, athletes have the opportunity to choose what sports they desire to participate in and to what extent. If an athlete would like to focus on one sport, that is available up to 8.5 hours per day (6 hours per day if participate in the English Classes) or if they would like to try multiple sports that is also available. The Director of each sport receives a list of names the night before, in order to create lessons based on the athletes abilities that they will have for each period the following day.

At World Sports Camp our sports instruction is taught by ability level in addition to age and grade. If an athlete is 11 years old, and has the ability level of a 14 year old, that athlete will play with the 14 year olds who have equal ability. The only time that this will not happen is when an athlete will be put in harm's way because of the physical difference in size of the other athletes. In addition, if an athlete is 14 years old and has the ability level of an 11 year old, we will NEVER embarrass an athlete, therefore, we will put that athlete with other 14 year olds who are of the same level.

World Sports Camp provides a happy, relaxed environment that encourages the athlete's participation without forcing or pressure. However, if an athlete desires intense sports development and competition, it is available. Athletes can choose what sports to participate in and to what degree. Athletes are thrilled with our Basketball, Soccer, Tennis and Golf programs. We also provide participation in swimming and have English classes, Math and Reading tutoring and Private Lessons if desired. Athletes will have the opportunity to receive both individual as well as team instruction; in all of the sports he or she chooses to be involved in.

Our off campus activities are varied as well as exciting. (Sports Executive Tour, New York City, Boston, Six Flags Basketball Hall of Fame, shopping mall, white water rafting, etc.) Please note, that all of our coaches are trained and experienced in positive reinforcement coaching. We are also very sensitive to first time athletes, and go out of our way to make athletes feel as comfortable as possible. Within a few short days, athletes feel right at home.

In addition to our quality sports and activity programs, a great opportunity that presents itself for athletes is our camp community. World Sports Camp draws athletes from 96 countries, all over the world. Approximately 40% of our athletes hail from outside the United States and 60% are American. The opportunity to exchange cultural differences and participate in sports and other activities with peers from around the world is second to none.

A great resource for our athletes is our website, www.worldsportscamp.com. Here athletes will be able to use our Live Chat. This is available for real time answers to questions and concerns about their WSC experience. We also have our WSC Video and Virtual Tour. We hope you like it.
