PROGRAMMES

tailor-made solutions

Programmes feature CERAN's unique methodology and consist of 28 lessons of 45 minutes. The communicative approach is emphasised through teaching techniques such as QRI®, Key Sentences and the verbo-tonal method of phonetic correction.

SPRING & AUTUMN

- ❁ Intensive programme
- ❁ Intensive plus private lessons programme (2, 4, 6 or 8 per week)

SUMMER

- ❁ Intensive programme
- ❁ Intensive plus private lessons programme (2, 4, 6 or 8 per week)
- ❁ Intensive plus sports programme

HOW INTENSIVE IS INTENSIVE?

A maximum of nine students per group means a lot of personal attention from your teacher.

Complete immersion means spending time with activity leaders and teachers outside the lessons. They even join you for meals and during breaks.

These are key ingredients for rapid progress and lasting results.

Never knew learning languages was this much fun! **#surprised #globaled**

choosing the correct programme

Looking for general language lessons? The **Intensive programme** is for you.

Need help with exam training or specific problems, add **private lessons** to your programme.

Want to mix language training with **sports** (golf, horse riding or tennis), book our language plus sports programmes for off-site, professional coaching.

YOU ENJOY, WE CARE

WHO LOOKS AFTER ME?

Welfare is one of the most important aspects of our language school. We recruit all our staff ourselves and our staff-to-student ratio is 1:3. This means that for every three of you, there is at least one of us.

HOW DO I GET HERE?

Get your parents to drive you if you live close by. Brussels is only one hour away from Spa and we'll make sure we've got coffee ready. If you live further afield, you can make use of our transfer service. Transfers are available from all international airports (Brussels, Geneva, ...) and train stations around us.
